We hope you will enjoy your trip through the '61 Cardinal.

MR. LELAND E. DORCHESTER

DEDICATION

The Senior Class takes special pride in the dedication of the 1961 edition of "The Cardinal" to Mr. Leland E. Dorchester. Every step of the last six years he has aided us. The harshness expressed at times, just brought him all the closer to our class. Through all the hardships and joys we have possessed, one could always look up and Mr. Dorchester would offer a helping hand and a smile.

Words cannot express the deep appreciation that we the class of "61" have for you—Mr. Dorchester.

MRS. VIRGINIA BLAIR

MOTHER

MR. GEORGE KANTOR

FATHER

In the path of our last year in school, our teachers have put up with quite a load of foolishness. With going out into a crueler world, the care and help that they have contributed to us will have a great deal of aspect on what we become. So in appreciation to all that you have done for our class we would like to express our gratitude to you, Mrs. Blair, and Mr. Kantor, for your fine assistance and understanding ways.

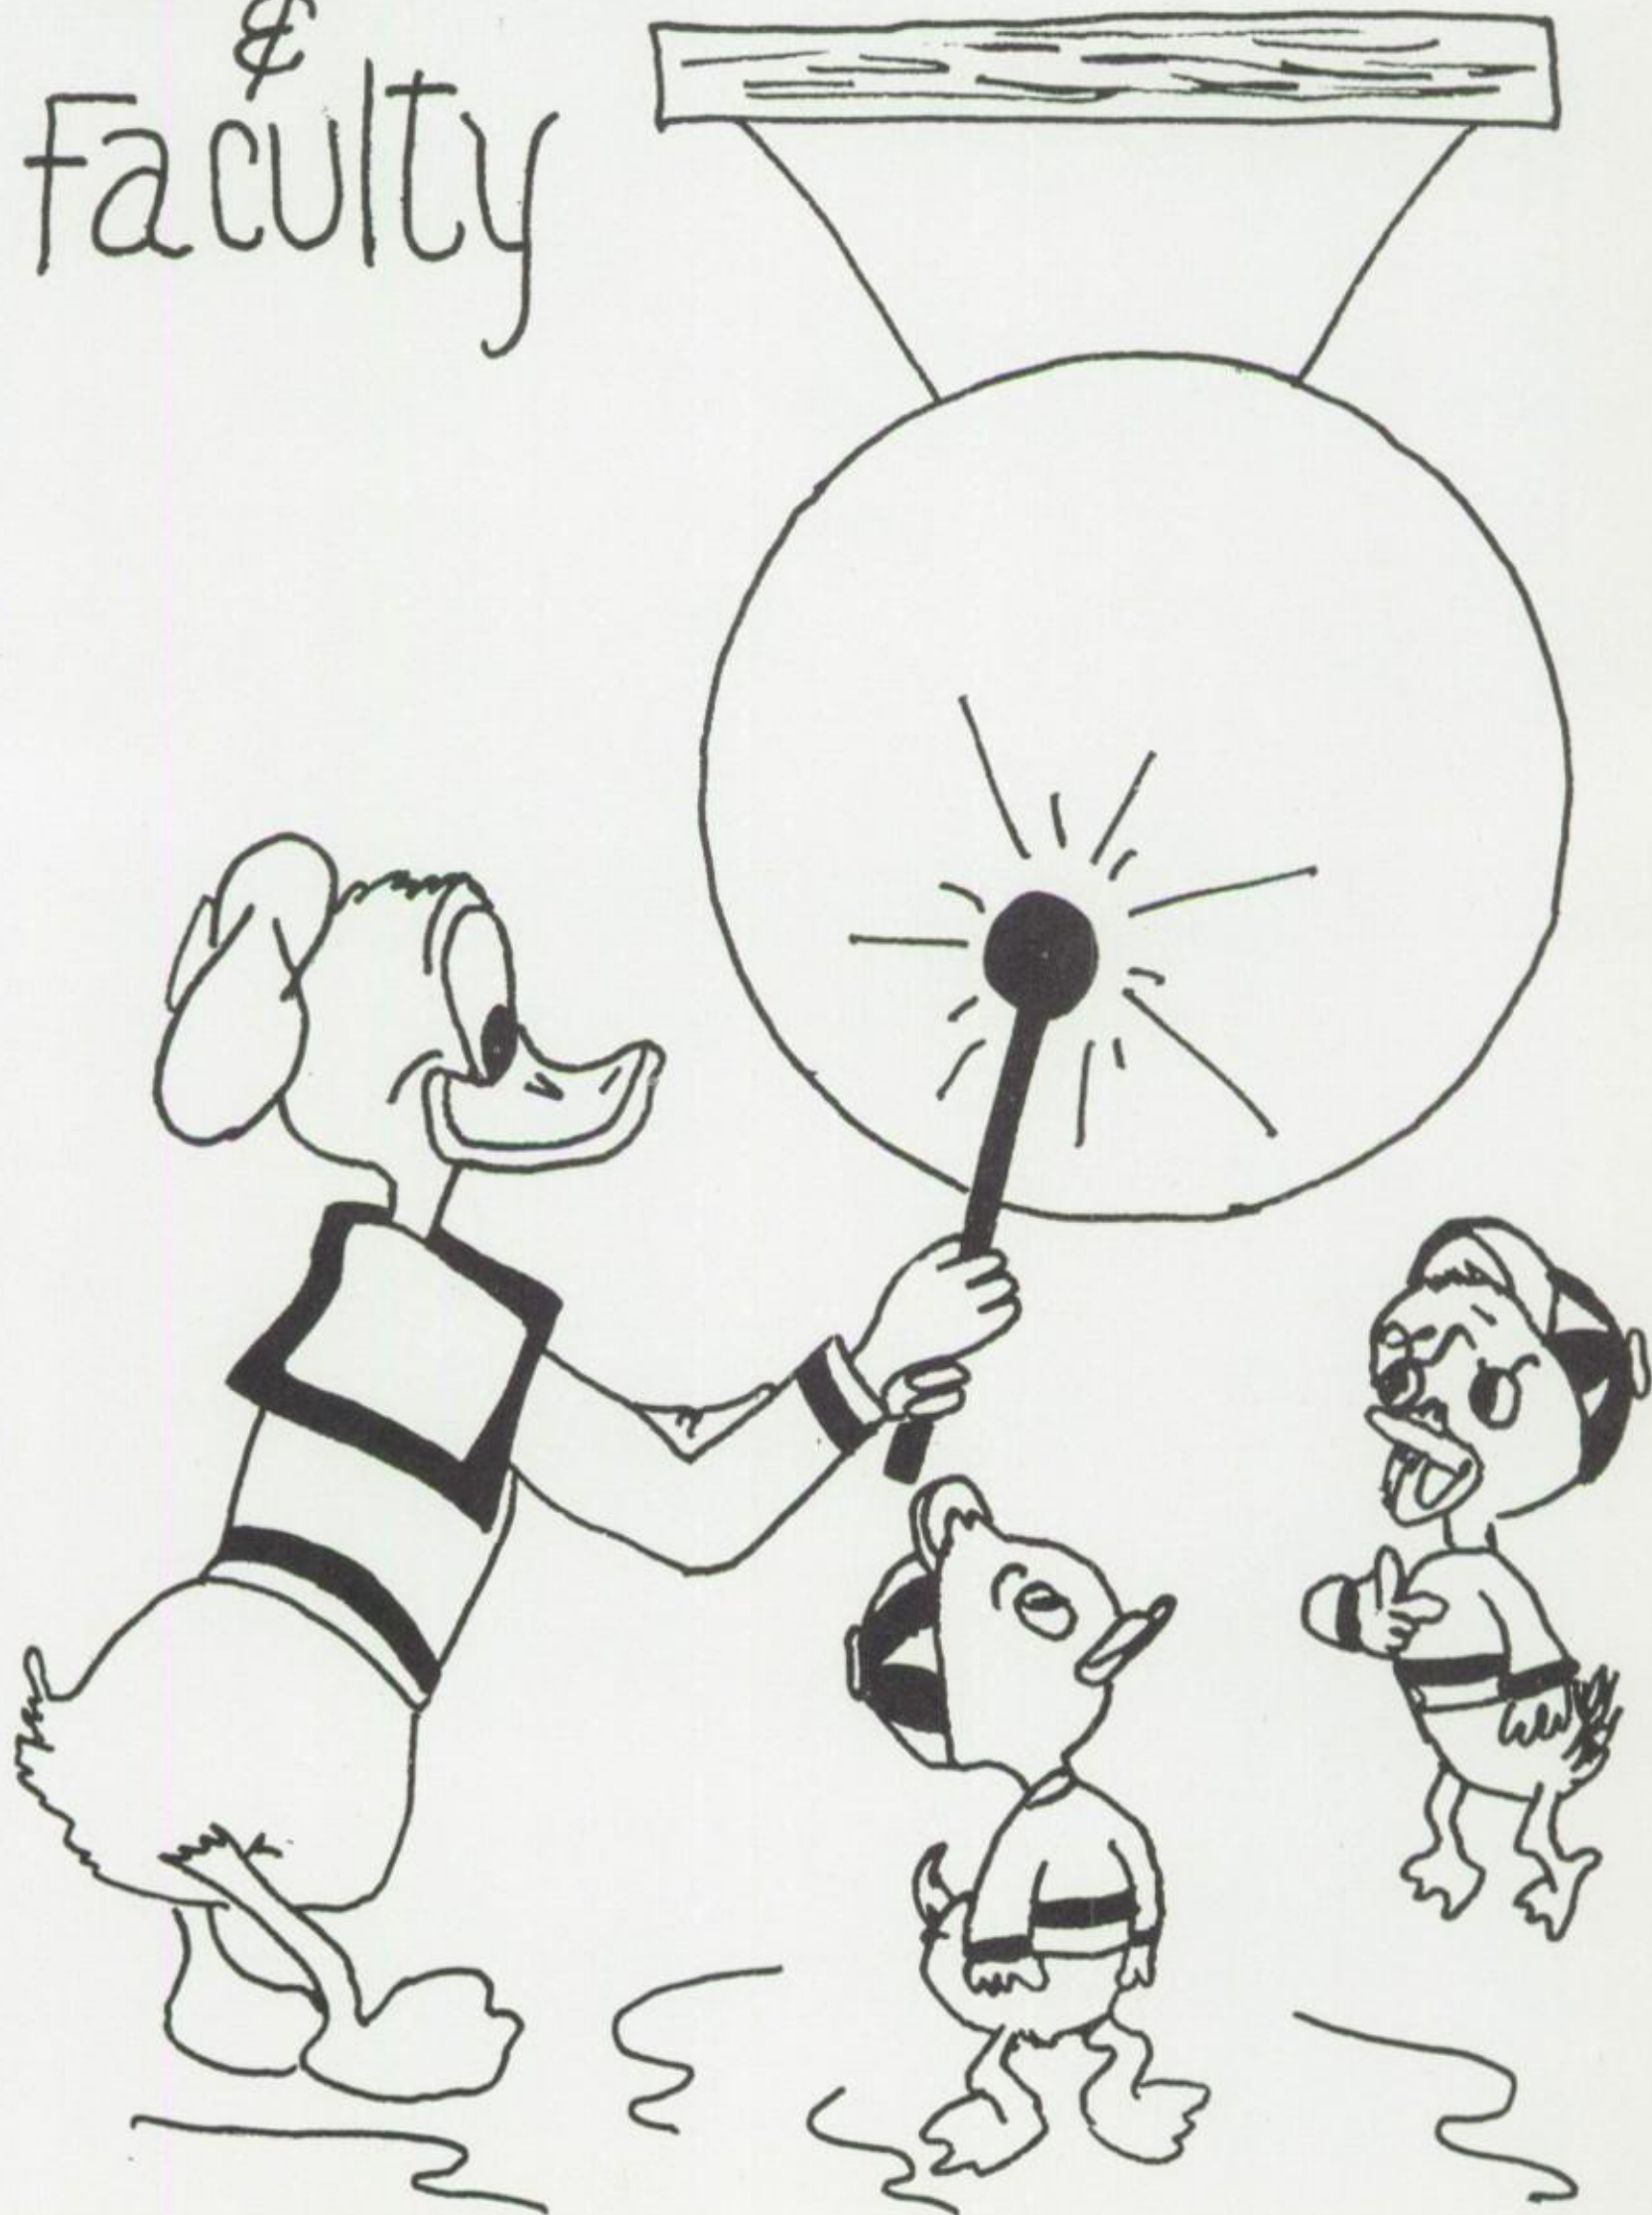

ALMA MATER

Hail to thee, Oh Cochran High School,
may your banners wave on high, we give to
thee our love and devotion, singing thy praises
to the sky. Glory and honor be yours ever
more, placing your red and white colors to
the fore. Hail to thee, oh Alma Mater, we'll
sing thy praises, ever more.

SCHOOL BOARD

This page is sponsored by—DR. JOHN E. LEWIS, DR. F. G. WOOD, DR. F. GREGG NEY,
and DR. C. C. McMINN.

Because you have met the goals so well in producing this yearbook, we have faith in you and the manner in which you will score in the years ahead.

Laurence M. Helsel
Principal

We all look forward to graduation. Many students depart gleefully with great anticipation of things to come. Others regard graduation with mixed feelings and with the full realization that friendships of many years' standing will come to an abrupt end.

It is too bad for the school to lose such a splendid group of young people. But, on the other

hand, we are all proud of your achievements here and are most zealous to see you go into the business world or college in order to further display your prowess or continue your training.

If you have properly applied yourself while in high school, you have in your possession the necessary fundamentals to see you through in whatever endeavor you might choose if properly fortified with diligent and constant application.

Your investment, in the community's investment of twelve long years has been made. You will now be called upon to make a contribution to the institution that has nurtured and trained you for twelve long years. Posterity will be looking to you. Your efforts in their behalf will need to be noteworthy.

The Class of 1961, I am certain, will live up to the duties and responsibilities that modern society will see fit to demand of it.

SPROORS-NEES

Since I can't thank all of you, person by person, I want to do it through the pages of this yearbook.

Before coming here, I thought America was a wonderful country, but now I am sure. The towns are beautiful, the civilization is all over, and schools are gorgeous.

Since my arrival, with the constant help and love you have given, I feel like in my own country, among my own people. For this I will always remember America, Cochran, and all of you that let my dreams come true.

RADIO CLUB

The Radio Club is composed of eight members and their advisor, Mr. Helsel. Although the membership is small the work of the club includes many activities. The first project undertaken by the club was to establish a magazine shelf in the Library and have it well supplied with current magazines from the field of electronics. The club also took a two year subscription to "Electronic Technician," a magazine devoted to building and repairing various types of electronic instruments.

One of the qualifications for club membership stipulates that each person must complete at least one project in the field of electronics during the year. Reports are given from time to time by the various members on the nature and progress of their projects. To raise money for the club treasury, a mid-winter Record Hop was held. We feel that the Radio Club exists primarily for the educational value afforded to its members.

Cochranton, Pa.

*Now—The time you've been waiting for becomes
a time to look back on... and build on.*

Suddenly, those long-seeming school years are over. What was a daily way of life has become a memory.

This is as it should be. These memories have a purpose. They are the foundation for a future.

You will have more to say about this future of yours than you ever did about the years just past. You—not a teacher or a parent—will be making the decisions. Though teach-

ers and parents can help you, still you're the responsible party.

Being the boss of your own future is a big job. No question about it. And because of this, it is also an exciting and satisfying experience.

American Viscose Corporation, as a member of this community, welcomes you in your new status as a graduate. We offer you all possible encouragement, and wish you success and satisfaction.
